

STREET PAVING BILL APPROVED

Provides for Taxing
Abutting Property for
Two-thirds of Cost.

MEASURE MET WITH VIGOROUS OPPOSITION

But It Was Indorsed With
Only Two Members of the
Board Dissenting.

ONE OF THEM WAS S. S. REED

Who Made Vigorous and Able
Argument Against the
Bill on Property.

At a special meeting of the Board of Public Works held on the 12th inst. for the purpose of considering the bill proposed by the committee on the subject of taxing abutting property for the cost of street paving, the first action adopted was to refer the bill to the committee on the subject of taxing abutting property for the cost of street paving.

The committee on the subject of taxing abutting property for the cost of street paving, at its meeting on the 12th inst., reported to the Board that it had favorably recommended the bill, with the exception of the provision relating to the taxation of property abutting on streets paved with macadam.

Continuing, he said, he had the honor to inform the Board that the committee had also recommended the bill, with the exception of the provision relating to the taxation of property abutting on streets paved with macadam.

At the meeting of the Board on the 12th inst., the bill was taken up for consideration, and after a lengthy discussion, it was adopted by a vote of 10 to 2.

The two dissenting members of the Board were S. S. Reed and J. H. Smith. Mr. Reed made a vigorous and able argument against the bill, and Mr. Smith also made a strong case for his position.

Mr. Reed's argument was based on the fact that the bill would place a heavy burden on property owners, and that it would be unfair to tax property abutting on streets paved with macadam at a higher rate than property abutting on streets paved with brick or cobblestone.

Mr. Smith's argument was based on the fact that the bill would provide for the paving of streets in the city, and that it was necessary to raise the money to do so.

The Board, after considering the arguments of both sides, decided to adopt the bill, with the exception of the provision relating to the taxation of property abutting on streets paved with macadam.

On the present office, as he believed

Brushes

The sample line of Hair Brushes which we purchased from a large importer of brushes is going rapidly and to continue the sale next week we have cut the price on many hair brushes in our regular store, some we won't have again and some are slightly sold. We have marked many of them at prices

1-2 to 2-3
of their Value.

We can sell either, while they last, 35 and 50 cent Hair Brushes at 25 cents. There are 75 cent and \$1.00 Hair Brushes at 50 cents. There is an extra value 50 Hair Brushes at 35 cents.

At 75 cents we sell our Hair Brushes which we have sold at \$1.00, \$1.25, \$1.50, \$1.75, \$2.00 and \$2.50. Of course we lose some money on the better ones. Our aim is to close the store line out quickly and make new friends for our store. Better make your selection at once.
